Mighty characters gain an Additional D6 on their melee damage rolls

### ARCANE ASSASSIN

(MAGE HUNTER ABILITY) When making attacks, this character ignores Focus Points over-boosting the target's Power Field and spell effects adding to its Armor or Defense. This can be devastating to enemy War Casters.

### BATTLE PLAN: CALL TO ACTION

(MILITARY OFFICER ABILITY) The character can spend 1 Feat Point to use Battle Plan: Call to Action. Using a battle plan is a Quick Action. When a character uses this battle plan, each friendly character **in her command range** who is under her command and is knocked down, can immediately stand up or go prone.

### FEAT: REVITILIZE

(ARCHETYPE ABILITY) The character can spend 1 Feat Point during her turn to regain a number of **Vitality points** equal to her **Physique** attribute immediately. If a character suffers damage during her turn, the damage must be resolved before she can use this feat. Incapacitated characters cannot use Revitalize.

### IRON WILL

(MAGE HUNTER ABILITY) The character can re-roll failed **Willpower** rolls. Each roll can be re-rolled only once as a result of Iron Will.

### NATURAL LEADER

(MILITARY OFFICER ABILITY) The character with Natural Leader increases her **Command** range by 12 feet (2").

### TEAM LEADER

(MILITARY OFFICER ABILITY) When this character gains a Feat Point, instead of keeping it herself, she can give it to another character currently in her command range. (the rule of 3 maximum Feat Points remains in effect).
